

Progenity to Participate in the 32nd Annual Piper Sandler Healthcare Conference

November 16, 2020

SAN DIEGO, Nov. 16, 2020 (GLOBE NEWSWIRE) -- [Progenity, Inc.](#) (Nasdaq: PROG), a biotechnology company with an established track record of success in developing and commercializing molecular testing products, today announced that Harry Stylli, Ph.D., CEO, chairman of the board, and co-founder of Progenity, will participate in a fireside chat at the virtual Piper Sandler Healthcare Conference, being held December 1-3, 2020.

The pre-recorded fireside chat will be accessible beginning November 23, 2020 by visiting progenity.com/presentations. The recording will be available on the Progenity website through December 3, 2020.

About Progenity

Progenity, Inc. is a biotechnology company with an established track record of success in developing and commercializing molecular testing products, as well as innovating in the field of precision medicine. Progenity provides in vitro molecular tests designed to improve lives by providing actionable information that helps guide patients and physicians in making medical decisions during key life stages. The company applies a multi-omics approach, combining genomics, epigenomics, proteomics, and metabolomics to its molecular testing products and to the development of a suite of investigational ingestible devices designed to provide precise diagnostic sampling and drug delivery solutions. Progenity's vision is to transform healthcare to become more precise and personal by improving diagnoses of disease and improving patient outcomes through localized treatment with targeted therapies. For additional information about Progenity, please visit the company's website at www.progenity.com.
